

# DOZ30

## Dissolved Ozone Tester

2014  
New  
Model

Precision easy operation: all functions operated in one hand.

Large LCD with backlight, Multi-line display for easy reading, Auto-Power Off saves battery after 5 mins non-use.

1\* 1.5V AAA long battery life

Easy maintenance, simple to change battery and electrode

Floats on water, IP67 rated

Field throw measurement (Auto Lock Function)

### CLEAN DOZ30 Dissolved Ozone Tester

- Use tri-electroded method measuring; faster and accurate, matching up to DPD results.
- 2 points calibrate.

|                     |                                      |
|---------------------|--------------------------------------|
| Range               | 0 - 10.00 mg/L                       |
| Resolution          | 0.01 mg/L                            |
| Accuracy            | ±2% F.S.                             |
| Temp. Range         | 0 - 100.0 °C / 32 - 212 °F           |
| Working Temperature | 0 - 60.0 °C / 32 - 140 °F            |
| Calibration Point   | 2 points                             |
| LCD                 | 20* 30 mm multi-line crystal display |
| Lock                | Auto / Manual                        |
| Electrode           | CS6930                               |
| Auto backlight off  | 1 minutes                            |
| Auto power off      | 5 minutes without key be pressed     |
| Power               | 1x1.5V AAA battery                   |
| Dimensions          | (H×W×D) 185×40×48 mm                 |
| Weight              | 95g                                  |
| Protection          | IP67                                 |

Revolutionary way to instantly get dissolved ozone value by using tri-electroded method measuring: faster and accurate, matching up to DPD results, without any reagent consuming. DOZ30 in your pocket is a smart partner to measure dissolved ozone with you.
